2. Operating and financial review

2.1. Operations Review

2.1.1. Development of Eco Nurture Plant Bio Stimulant

The Company's continuing research into its SE Formula technology has resulted in the development of Eco Nurture, a sustainable horticultural specific plant bio stimulant.

Eco Nurture Plant Bio Stimulant helps the overall health of the plant by improving the plants' tolerance to stress. Eco Nurture is made from environmentally friendly, biodegradable materials which support the surrounding environment.

The Company has produced and supplied Eco Nurture to a number of farms in Australia and New Zealand to undertake testing and assessment of Eco Nurture for a range of food crops such as kiwifruit, apples, mangoes and grapes.

The successful completion of these initial assessments will position Eco Nurture into the emerging bio stimulants market in support of the multi-billion dollar food crop industries.

2.1.2. SuprCuvr Distribution Agreement with Pacific Health

Pacific Health Care Pty Ltd (Pacific Health) has submitted SuprCuvr on the formal tender lists for broad scale adoption by government departments in Western Australia and Queensland as a hospital grade disinfectant and is pursuing sales and distribution opportunities with the New South Wales and Victoria governments. The outcome of tender list process is expected in the coming months, and once secured, Pacific Health will be able to deliver SuprCuvr contracts with these government and corporate sectors.

Pacific Health also made presentations to key private hospitals in WA and other states, and has undertaken trials with major sporting venues, mining companies, education campuses, and transport and logistics centres in WA.

SKN and Pacific Health has continued to work together to evaluate the initial market responses and update the formula potency, packaging presentation and competitive pricing structure.

During the previous period, the Company had received orders and invoiced Pacific Health for SuprCuvr products totalling \$1,266,354 (of which \$210,786 has been received). Due to the uncertainty of timing of receipt of the balance, the Company has recognised a provision for impairment of \$527,784 in the current period, as detailed in note 3.2.2.

2.1.3. Other Distribution Opportunities

The SE Formula is a high performance proprietary all-natural plant based technology used in the Company's proprietary award winning brands including Invisi-Shield SuprCuvr plant-based hospital grade disinfectant range, Eco Nurture plant bio stimulant, the Soléo Organics natural sunscreen brand, the PapayaActivs therapeutic skincare range and the Elizabeth Jane Natural Cosmetics.

Skin Elements continues to work on the development of existing and new additional distribution channels and opportunities for these product ranges in Australia and internationally.

With the Soléo Organics award winning sunscreen range in production, Skin Elements has been working with its distributors in Australia with new in-store display materials and competitive pricing structure targeted at pharmacies and health stores.

The Company's product range is available through the Company's updated and optimised online store websites www.soleoorganics.com and www.sknlife.com.

2.1.4. Appointment of New Director and Company Secretary

On 17 January 2023, SKN appointed Mr Stuart Usher to the Board as a Non-Executive Director. Mr Usher's appointment brings broad experience and skills to the Board, assisting the Company develop its corporate strategy and governance as it transitions from research & development to commercial operations.

Mr Usher's appointment follows the resignation of Mr Lee Christensen as a Non-Executive Director.

Mr Usher is also appointed as Company Secretary on 17 January 2023 replacing Mr Phil Giglia in this role.

2.1.5. Research & Development Rebate (R&D)

The Company's commitment to the development of new applications for its natural SE Formula technologies saw it receive R&D Rebate of \$984K for the R&D expenditure invested in the 2022 financial year.

The Company has accrued a further R&D Rebate of \$450K for the R&D expenditure incurred for the six months ended 31 December 2022.

2.1.6. Placement raises \$750,000

On 4 November 2022 the Company advised it had finalised a private placement to sophisticated investors raising \$750,000 in cash (before costs). The Company issued 30,000,000 ordinary fully paid shares at \$0.025 each (under the Company's ASX LR7.1A placement capacity) with one attaching option exercisable at \$0.05 on or before 31 October 2025 for each new share (under the Company's ASX LR7.1 capacity) to the subscribers in the placement.

2.1.7. LDA Capital \$20 million equity funding facility

On 6 April 2021 SKN announced it had entered into an equity funding facility agreement (**Agreement**) with LDA Capital, under which LDA Capital has agreed to provide Skin Elements with up to \$20 million in committed equity capital over the next 36 months (ASX announcement, 6 April 2021).

The Agreement enables Skin Elements to issue shares to LDA Capital over the next three years at the Company's discretion at a floor price to be determined by Skin Elements and receive funds for the issue of those shares.

The Agreement allows Skin Elements to access committed equity capital on a flexible basis by managing the timing and size of each capital drawdown. The Agreement ensures that Company has access to additional equity capital as required to support its growth into new markets, support existing sales channels and fund the anticipated commercial scale sales and distribution opportunities for SuprCuvr and the Company's other product Olines.

As part consideration for entering into a Put Option Agreement (**POA**), the Company issued to LDA Capital 26,000,000 unlisted options all expiring on 15 March 2024 which were initially recognised using a fair value assessment of \$604,000 as a prepayment (asset) and derivative liability. At balance date the fair value of the derivative liability has been reassessed to \$36,000 due to the time value of money and the amount of \$17,000 is recognised as a fair value gain to P&L in the current period.

The Company is also required to pay a commitment fee of A\$300,000 to LDA Capital which is payable in cash in three equal instalments at closing of the Company's next three capital calls.

As the timing of the drawdowns under the POA is uncertain, the Directors have taken a prudent view and expensed the remaining balance of the prepayment carrying value of \$837,942 (2021: \$166,058).

The Company also has on issue to LDA Capital 25,500,000 shares (**Collateral Shares**) for nil consideration. LDA Capital will hold these shares until such time that the Company issues the initial call notice. At that time, and subject to certain limitations set out in the POA, LDA Capital may sell collateral shares on market. Under the POA, unused Collateral Shares may be used for a subsequent call, bought back by the Company for nominal consideration or transferred to a trustee or nominee of the Company for nominal consideration.

As at the date of this report the Company has not made a drawdown under this facility.

3.2.2 Trade receivables are amounts due from customers for the sale of goods in the ordinary course of business. The trade receivables are generally due for settlement within periods ranging from prepaid or cash on delivery to 30 days and extended terms in certain circumstances and therefore are classified as current. Trade receivables of \$1,055,568 relate to an order from Pacific Health. The Company has provided extended payment term for this order to facilitate entry into markets for its SuprCuvr products and generate cashflows that may facilitate payments and orders in the near future. Under the Agreement with Pacific Health, the principals of Pacific Health have provided personal guarantees that the obligations under the Agreement will be fulfilled.

However, due to the uncertainty of the timing of the receipt of the balance of the amounts outstanding, the Company has recognised a provision for impairment of \$527,784 as at 31 December 2022 (30 June 2022: Nil).

3.2.3 The Group continued its development program during the half-year ended 31 December 2022 resulting in a claim for research and development tax incentive for the 2023 financial year and is included as a receivable at half-year end.

3.6.3 LDA Capital Agreement

As disclosed in April 2021, the Company entered into a Put Option Agreement (**POA**) with LDA Capital Limited and LDA Capital LLC (together **LDA Capital**), a United States-based investment group, to provide the Company with up to A\$20 million in committed equity capital over the 36 months. The Company controls the timing and maximum amount of the draw down under this facility. The Company has committed to an initial drawdown with the size to be determined by the Company.

Key terms and conditions:

- a. In accordance with the POA, as part consideration, the Company issued to LDA Capital 26,000,000 unlisted options all expiring on 15 March 2024 comprising:
 - 10,000,000 unlisted options exercisable at A\$0.12
 - 10,000,000 unlisted options exercisable at A\$0.15
 - 4,000,000 unlisted options exercisable at A\$0.18
 - 2,000,000 unlisted options exercisable at A\$0.22

These options were valued at \$604,000 using a Binomial options pricing model and classified as derivative liabilities. These options have been revalued at \$36,000 as at 31 December 2022.

- b. On 18 May 2021, the Company issued to LDA Capital 25,500,000 shares (Collateral Shares) for nil consideration. LDA Capital will hold these shares until such time that the Company issues the initial call notice. At that time, and subject to certain limitations set out in the POA, LDA Capital may sell collateral shares on market. Under the POA, unused Collateral Shares may be used for a subsequent call, bought back by the Company for nominal consideration or transferred to a trustee or nominee of the Company for nominal consideration. During the year, 2,000,000 Collateral Shares were redeemed. LDA Capital holds 25,500,000 Collateral Shares at 31 December 2022 (30 June 2022: 25,500,000) which are included in Treasury Shares (note 5.1.2)
- c. Under the POA, the subscription price for the shares is set at 90% of the higher of the average VWAP of shares in the 30-trading day period after the issue of the capital call notice, and the minimum acceptable price notified to LDA Capital by the Company upon exercise of the put option. The VWAP calculation and the number of subscription shares is subject to adjustment as a result of certain events occurring including trading volumes falling below an agreed threshold level or a material adverse event occurring in relation to the Company.
- d. The Company was also required to pay a commitment fee of A\$400,000 to LDA Capital which is payable in cash in four equal instalments at closing of the Company's first four capital calls. When each of the first four capital calls are closed, the Company will pay each \$100,000 instalment, reducing the liability.
- e. As the timing of the drawdowns under the POA is uncertain, the Directors have taken a prudent view and expensed the remaining balance of the prepayment carrying value of \$837,942 (2021: \$166,058).

The effect of the key terms gave rise to a derivative liability and prepaid asset held at fair value through profit and loss.

3.6.4 Recognition and reduction in derivative liability and other payables

On entering the POA, the Company recognised a commitment fee payable of \$400,000, and fair value of 26,000,000 unlisted options, recognised as a derivative liability totalling \$604,000 determined using a Binomial options pricing model. Details of the assumptions used in the valuation of the options are summarised in note 0. The Company has not issued a Capital Call Notice under the POA to LDA Capital.

The derivative liability relating to the unlisted options issued to LDA Capital were revalued at half-year end for the unexercised options. The remeasurement of the derivative liability resulted in a fair value gain of \$17,000 (2021: \$231,208), refer to note 1.2.

4.2.1 Key estimates

a. Impairment

The Group assesses the impairment of assets at each reporting date by evaluating conditions specific to the asset that may lead to impairment of the assets recoverable amount. The assessment of impairment is based on the best estimate of future cash flows available at the time of preparing the report. However, facts and circumstances may come to light in later periods which may change this assessment if these facts had been known at the time.

To assist the Group with the impairment assessment of the intangible assets, Moore Australia Corporate Finance (WA) Pty Ltd were engaged to undertake an independent expert report of the indicative fair market value of the intangible assets of the Group for the period to 30 June 2022. The preferred valuation of the assets did not result in a requirement to impair the carrying value of the intangible assets. The Independent Expert used a range of valuation methodologies to assess fair market value

Directors are satisfied with the sensitivity and objectivity of the expert and the reasonableness of the key assumptions in the valuation.

The company did not identify any impairment indicators as at 31 December 2022 that required formal impairment testing to be undertaken.

Notes to the condensed consolidated financial statements

for the half-year ended 31 December 2022

Note 13 Statement of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements to the extent they have not already been disclosed in the other notes above. These policies have been consistently applied to all the years presented, unless otherwise stated.

13.1 Basis of preparation

13.1.1 Reporting Entity

Skin Elements Limited (**Skin Elements** or **the Company**) is a listed public company limited by shares, domiciled, and incorporated in Australia. These are the consolidated financial statements and notes of Skin Elements and controlled entities (collectively **the Group**). The financial statements comprise the consolidated financial statements of the Group. For the purposes of preparing the consolidated financial statements, the Company is a for-profit entity. The Group is a for-profit entity and is primarily involved in businesses which deliver accredited and non-accredited vocational education and training solutions throughout Australia and internationally.

The separate financial statements of Skin Elements, as the parent entity, have not been presented with this financial report as permitted by the *Corporations Act 2001* (Cth).

13.1.2 Basis of accounting

The half-year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 Interim Financial Reporting. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

The financial statements were authorised for issue on 28 February 2023 by the Directors of the Company.

13.1.3 Going Concern

The financial report has been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of business.

13.1.4 Comparative figures

Where required by AASBs comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Where the Group retrospectively applies an accounting policy, makes a retrospective restatement or reclassifies items in its financial statements, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

13.2 Use of estimates and judgments

The preparation of consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. These estimates and associated assumptions are based on historical experience and various factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

13.3 New and Amended Standards Adopted by the Group

A number of amended standards became applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting these amended standards.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Skin Elements Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Skin Elements Limited (the Company), which comprises the statement of financial position as at 31 December 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Company does not comply with the *Corporations Act 2001* including:

- Giving a true and fair view of the Company's financial position as at 31 December 2022 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

BDO Audit (WA) Pty Ltd ABN 79 112 284 787 is a member of a national association of independent entities which are all members of BDO Australia Ltd ABN 77 050 110 275, an Australian company limited by guarantee. Liability limited by a scheme approved under Professional Standards Legislation.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
