AMO CHES Release 1 Guide to Operational Readiness

ASX is pleased to advise that the CHES Release 1 Approved Market Operators (AMO) Operational Readiness Guide ('Guide') is now available.

The Guide provides AMOs with an overview of the AMO Operational Readiness process as well as the scenarios they are required to successfully demonstrate prior to transitioning to the CHES Release 1 Clearing Service in the production environment.

[View Guide](#)

Accompanying the Guide is a fillable Operational Readiness Scenario Worksheet ('Worksheet').

[Download Worksheet](#)

The Worksheet allows AMOs to capture their evidence for each operational readiness scenario completed and can be returned to ASX via email to CHESreplacement@asx.com.au.

We kindly request that you book in for your Operational Readiness Assessment as soon as your AMO software is accredited and aim to action your operational readiness scenarios as soon as possible within the scheduled September to early November 2025 Operational Readiness period.

Please note the Guide will reside on our [ASX web page](#) and will be stored within [asxonline.com](#), which means you will be required to have an ASX Online account to access this document. If you do not already have an asxonline.com account, please contact your organisation's Enterprise Administrator to be added as a new user.

Should you have any questions, feedback, or any additional considerations, please reach out via email to CHESSreplacement@asx.com.au or bilaterally with your Stakeholder Engagement representative.

Kind regards
CHESS Project
