CHESS Release 1 AMO Readiness - Release Notes & updated CHESS Release 1 AMO User Technical Documentation

ASX is pleased to advise that the **CHESS Release 1 AMO Readiness - Release Notes** ('Release Notes') are now available.

The Release Notes detail the functionality and enhancements implemented into the CHESS Release 1 Industry Test Environment, including the Security Definition FIX (d) message, resolutions to known issues, updated accepted Basis of Quotations and Condition Codes, a non-functional testing schedule and the Alternate File Ingestion Interface (AFII) which will be enabled for testing later in July.

Below are two documents linked to the Release Notes for your attention:

- [CHESS Release 1 AMO Readiness - Known Issues Log](#)
- [CHESS Release 1 AMO Readiness – FAQs](#)

We have also updated the **CHESS Release 1 AMO User Technical Documentation** to contain added elements and amended details related to reflect the new amended functionality delivered in the July 2025 AMO Readiness Release, including:

- Security Definition (d) configuration
- Alternate File Ingestion Interface SFTP folder structures and expected AMO file submission frequency
- expected usage of the ResetSeqNumFlag (141) on Logon (A).

These documents are intended for technical staff of AMOs and their Software Providers, who should refer to Version 1.3 of the AMO User Technical Documentation to complete their CHES Project Release 1 AMO activities in preparation for AMO Accreditation.
