

## CHESS Release 2 Industry Test Approach

We are pleased to advise that the **CHESS Release 2 Industry Test Approach** is now available.

The purpose of the Industry Test Approach is to inform the market of the approach ASX will be taking to facilitate industry testing for Release 2 of the CHESS Project.

The Approach document summarises the test phases, activities planned, expected outcomes and schedule for Release 2 industry testing, and is intended to inform the industry's own change programs to achieve a Q2 2029 go-live. Additionally, the Approach provides the schedule for when detailed information relating to each Release 2 industry testing phase is planned to be made available.
