

CHESS Replacement Project – Partnership Program

In February, ASX announced the CHESS Replacement Partnership Program that recognises the need for continued support from relevant stakeholders with respect to the successful progress and completion of the CHESS replacement project.

The Partnership Program of up to a total of \$70 million consists of two separate financial support mechanisms:

- Clearing & Settlement Participant Rebate Pool; and
- Development Incentive Pool.

ASX is now inviting feedback on the proposed eligibility criteria for the Development Incentive Pool by 5 May 2023.

Further details, including how to provide your feedback, can be found via the below button.
