

CHES Industry-Wide Resilience Exercise 2027 - Expression of Interest

ASX Resilience, in partnership with ASX Clearing and Settlement, is pleased to invite organisations to register their interest in participating in the **CHES Industry-Wide Resilience Exercise**, an industry-wide cyber-driven resilience exercise scheduled for **Tuesday 4 May 2027, 1.00pm - 4.00pm AEST**.

The exercise is intended for organisations across the CHES ecosystem, including Clearing and Settlement Participants, Payment Providers, Share Registries, Approved Market Operators (AMOs) and other key stakeholders. Delivered as a facilitated tabletop exercise, the exercise will provide participants with the opportunity to work through a cyber driven disruption scenario to the CHES system, explore potential impacts on their operations and dependencies, and strengthen coordination across the financial market ecosystem. Participants will be invited to contribute to planning activities and take part in the exercise event on Tuesday 4 May 2027.

To assist with planning and ensure the exercise is appropriately designed to meet industry needs, we are seeking expressions of interest (EOI) from organisations that would like to participate.
