CHESS Project Partnership Program – Milestone 1 (Development Incentive Pool) completed

ASX is pleased to advise that Milestone 1 (Development Incentive Pool) of the CHESS Project Partnership Program has now closed.

This milestone marks an important step in supporting industry readiness for Release 2 of the CHESS Project and reflects the significant effort undertaken by eligible organisations to progress required development and testing activities.

As outlined in previous communications, Milestone 1 required the completion of a defined subset of test scenarios and associated program requirements. Following completion and verification of these requirements, ASX will commence the distribution of the applicable financial support payments in accordance with the agreed Development Incentive Pool arrangements.

We would like to thank participating organisations for their continued commitment and collaboration in helping drive progress towards the successful implementation of Release 2.

Should you have any questions regarding the Partnership Program or Milestone 1 payments, please contact [CHESS Stakeholder Engagement Team](#) or your Stakeholder Engagement representative.

Kind regards,
The CHESS Project Team
