CHESS Project Partnership Program – confirmation of Milestone 1 requirements

Today, ASX has published an industry update detailing the requirements for additional financial support payments to be made for Milestone 1 under the Development Incentive Pool. The industry update can be found [here](#).

The industry update provides:

- the subset of test scenarios requiring completion under Milestone 1
- the requirements of Milestone 1
- the intended allocation of funds under Milestone 1 as well as the expected timing for payment.

The proposed milestone structure, requirements and allocation of funds are intended to recognise the effort required of eligible Development Incentive Pool Program participants, and to incentivise progress towards the successful implementation of Release 2 of the CHESS Project.
