5.2 Without limiting the generality of Rule 5.1 the Board may determine that the Commitment may be provided by the provision of securities or other collateral or in such other form as may be determined by the Board. The Board may prescribe limits on the securities or collateral which may be provided.

Amended 28/04/14

5.3 The Board may in its absolute discretion determine the value of any Commitment provided otherwise than in cash or irrevocable commitment to provide cash for the purpose of determining whether a Clearing Participant has provided a Commitment of an amount which satisfies the provisions of the Rules.

5.4 The Board may at any time require a Clearing Participant to alter the form of its Commitment in any way and the Clearing Participant shall effect such alteration forthwith or by such time as the Board requires. Failing such alteration the Board may realise or apply any security or collateral when in the opinion of the Board such alteration or realisation is necessary to ensure compliance with Rule 5.1.

- (ii) An additional Commitment (the "Variable Commitment") by each Futures Participant sufficient to bring the total aggregate amount committed by Futures Participants under the Futures Commitment (FC) to an amount in dollars calculated in accordance with the following formula:

$$FC = d + (n \times \$2,000,000)$$

where:

- n = number of Futures Participants which are also BRC Participants (excluding those which cease clearing Futures Contracts and Options Contracts and which engage only in Bond and Repurchase Clearing); and
- d = one hundred million dollars (\$100,000,000) or such lesser amount determined by the Board calculated by reference to all Futures Participants' Open Positions (excluding OTC Open Positions) or Aggregate Initial Margins (excluding OTC Initial Margins) or on such other similar basis as the Board may determine.

The manner of calculation of the Variable Commitment shall be as Prescribed in the Schedules. For any period during which the total aggregate Fixed Commitments under sub-paragraph (i) are in excess of FC, no Variable Commitment shall be capable of being called pursuant to Rule 7.1. - 7.1 Without affecting ASX Clear (Futures)'s rights as otherwise provided in the Rules, upon Default by a Clearing Participant the Board shall be entitled, in satisfying ASX Clear (Futures)'s obligations, subject to Part 7 of the Rules, to apply the following assets in the order stipulated in whole or in part:

- (a) *first*, any moneys, securities, collateral or property held by ASX Clear (Futures) in any account of, or in respect of, the Clearing Participant in Default (including without limitation any amounts of variation margin or other amounts which would otherwise be payable to the Clearing Participant in Default and, subject to the provisions of Rules 41.5, 41.6 and 41.7, restricting access to a Client Clearing Account, a Client Clearing Account of the Clearing Participant in Default);
- (b) *second*, the proceeds of the Commitment (including all Futures Commitment and all OTC Commitment) of the Clearing Participant in Default;
- (c) *third*, any assets of ASX Clear (Futures) designated under the Procedures for the purposes of this paragraph up to the amount specified in the Procedures (such amount to be \$120,000,000 or such greater amount as the Board in its discretion may from time to time determine);
- (d) *fourth*:
  - (i) if the Clearing Participant in Default is a Futures Participant and is not an OTC Participant, the proceeds of the Futures Commitments of all Futures Participants (other than the Clearing Participant in Default) as provided by Rule 7.5, up to the total aggregate amount committed by all Futures Participants under the Futures Commitment ("**FC**") calculated in accordance with the formula set out in Rule 5.6 (including the Commitment of the Clearing Participant in Default) ("**Relevant Futures Commitments**");
  - (ii) if the Clearing Participant in Default is an OTC Participant and is not a Futures Participant, the proceeds of the OTC Commitments of all OTC Participants (other than the Clearing Participant in Default) as provided by Rule 7.5, up to the total aggregate amount of OTC Commitment committed by all OTC Participants calculated in accordance with the OTC Rules (including the OTC Commitment of the Clearing Participant in Default) ("**Relevant OTC Commitments**");
  - (iii) if the Clearing Participant in Default is both a Futures Participant and an OTC Participant, an amount equal to the aggregate of:
    - (A) the Futures Commitment Proportion of the Relevant Futures Commitments; and

- (B) the OTC Commitment Proportion of the proceeds of the Relevant OTC Commitments.

For this purpose:

“**Futures Commitment Proportion**” is the proportion calculated by dividing:

- (a) the daily average Initial Margin obligation of the Clearing Participant in Default that was attributable to Open Contracts other than OTC Open Contracts and OTC Allocated Futures Contracts

- (b) the daily average Initial Margin obligation of the Clearing Participant in Default that was attributable to all of its Open Contracts (including OTC Open Contracts and OTC Allocated Futures Contracts).

- (d) the daily average Initial Margin obligation of the Clearing Participant in Default that was attributable to all of its Open Contracts (including OTC Open Contracts and OTC Allocated Futures Contracts).

For the purpose of each of the above calculations, the “**daily average Initial Margin obligation**” is calculated by dividing the sum of the Clearing Participant’s Initial Margin obligation for the relevant Open Contracts on each Business Day in the 90 days immediately preceding the day on which the Default first occurred by the number of Business Days in that period.

- (e) *fifth*, proceeds of any insurance or other assets available to ASX Clear (Futures) as designated for the purposes of this paragraph up to the amount specified in the Procedures (such amount to be \$150,000,000 or such greater amount as the Board in its discretion may from time to time determine) provided that in the case of any relevant policy of insurance the relevant excess has been exceeded;
- (f) *sixth*, proceeds of
  - (i) the Relevant Futures Commitments; and
  - (ii) the Relevant OTC Commitments,in each case to the extent that they have not already been applied above. - (g) *seventh*, the proceeds of any additional financial backing of Clearing Participants as referred to in Rule 5.10;
- (h) *eighth*, any other monies or other assets available to ASX Clear (Futures) which have been designated under the Procedures for the purposes of this paragraph up to the amount specified in the Procedures (but excluding any

other assets of ASX Clear (Futures) which have not been so designated);  
and

- (i) *ninth*, Recovery Assessments received from one or more Clearing Participants.

A Commitment cannot be applied by ASX Clear (Futures) to discharge, or to compensate ASX Clear (Futures) for discharging, an obligation incurred before ASX Clear (Futures) makes its determination under Rule 5.1 to require the Commitment.
