	been achieved is announced to the market, together with the number of Deferred Consideration Shares issued; and 1.6 for any annual reporting period during which any Deferred Consideration Shares have been issued or any of them remain to be issued, the Entity's annual report, annual audited accounts, half-yearly report and quarterly report sets out the number of Deferred Consideration Shares issued in that annual reporting period, the number of Deferred Consideration Shares that remain to be issued and the basis on which the Deferred Consideration Shares may be issued. 2. This waiver is granted on the condition that the Entity releases an announcement to the market that discloses the nature and effect of the waiver and the Entity's reasons for seeking the waiver. The announcement must be released no later than the next business day after ASX communicates to the Entity that the waiver has been granted, except when the waiver relates to a confidential and incomplete proposal or negotiation. If the waiver relates to a confidential and incomplete proposal or negotiation, disclosure must be made when the matter ceases to be confidential or incomplete. ASX may direct the announcement to be made at another time.
Basis For Decision	Underlying Policy Listing Rule 7.3.4 requires a notice of meeting with a resolution to approve an issue or agreement to issue equity securities under Listing Rule 7.1 to include the date or dates on or by which the entity will issue the securities, which must be no later than the applicable period referred to in Listing Rule 7.3.4. This strikes a balance between giving entities the time practically necessary to complete an issue of equity securities, and ensuring that the securities are issued within a reasonable time frame after security holder approval so that the approval is not rendered stale by subsequent events. Where a listed entity has entered into a commercial transaction which calls for the issue of securities as consideration at future times that necessarily will fall longer than 3 months after the date of a shareholders' meeting, ASX's policy is to permit entities to seek shareholder approval for the issue of all the securities that may be issued under that transaction over the various phases, provided that the milestones to be

	achieved which trigger the obligation to issue the securities are appropriate to the entity and the transaction in all the circumstances, and adequate information can be given to shareholders about the future issues of securities. This allows the entity and the counterparty to the agreement to have commercial certainty about the ability of the entity to issue securities as the counterparty performs its obligations, while maintaining the principle that shareholders must give their informed consent to future issues of securities. Present Application Subject to shareholder approval under Listing Rule 7.1, the Entity proposes to issue up to 32,941,181 Deferred Consideration Shares in seven equal tranches as partial consideration of acquiring seven exploration licenses. The issue of each Deferred Consideration Shares tranche is tied to the grant of an exploration licence application ('Pending Tenement') to which it is attributable (Milestone). The specific timeframe for achievement of the milestones will be more than three months from the date of the relevant shareholder meeting. The extension of time requested by the Entity is made for clear and compelling commercial reasons such that the issue may occur outside the usual time constraints, and shareholders will know the maximum potential dilution to the Entity's capital structure at the time of voting on the resolution to approve the issue of these shares.

Basis For Decision	Underlying Policy Listing Rule 10.1 requires an entity to obtain the approval of security holders for an acquisition or disposal of a substantial asset from or to a person in a position to exercise influence over the entity. This protects security holders from a value-shifting transaction between an entity and a person in a position to exercise influence over the entity without the disinterested security holders having approved that transaction with the benefit of full information. This supplements the related party provisions of the Corporations Act (or, in the case of a foreign entity, the related party provisions of the law of their home jurisdiction). Present Application The Entity is granted a waiver from Listing Rule 10.1 to enable it to grant the Amended Security Interest in favour of Deutsche, subject to a number of conditions, including that the Amended Security Interest documents provide that in the event the Amended Security Interest is exercised, neither Deutsche nor any of its associates are entitled to acquire the secured assets without the Entity first complying with any applicable Listing Rules, including Listing Rule 10.1. This condition provides a sufficient safeguard against value-shifting to the Listing Rule 10.1 parties.

Rule Number	1.1 Condition 12
Date	13/10/2026
ASX Code	ID1
Listed Company	IDENTIFAI GENETICS LIMITED
Waiver Number	WRR-0000546
Decision	1. Based solely on the information provided, ASX Limited ('ASX') grants Identifai Genetics Limited (the 'Entity') a waiver from Listing Rule 1.1 condition 12 to the extent necessary to permit the Entity to have on issue 25,768,560 performance rights ('Performance Rights') and 9,436,035 options ('Options') with an exercise price of less than $0.20, on condition that the full terms and conditions of the Performance Rights and Options are clearly disclosed in the Entity's initial public offering prospectus. 2. The waiver is granted on the condition that the Entity discloses the nature and effect of the waiver and the Entity's reasons for seeking the waiver as pre-quotation disclosure.
Basis For Decision	Underlying Policy Listing Rule 1.1 condition 12 requires that if an entity seeking admission has options on issue (including options in the form of performance rights), the exercise price must be at least 20 cents in cash. The options the entity has on issue at admission should not undermine Listing Rule 2.1 condition 2, which requires the issue price or sale price of all the securities for which a listing applicant is seeking quotation (except options) to be at least 20 cents in cash. These requirements together help ensure that the entity's ordinary securities have a minimum value suitable for an entity seeking admission. Present Application ASX has confirmed that it does not object to the terms of the Performance Rights for the purposes of Listing Rule

	6.1. This waiver is a companion to that no objection. The Options represent 4.99% of the Entity's issued capital. The Options on issue were issued in accordance with the requirements of Israeli law at the time of issue prior to the application for admission to ASX and were issued to employees as part of remuneration arrangements. The Options do not undermine the integrity of the A$0.20 rule having regard to the number on issue and the exercise price of the securities.

Rule Number	9.1(b)
Date	13/10/2026
ASX Code	ID1
Listed Company	IDENTIFAI GENETICS LIMITED
Waiver Number	WRR-0000547
Decision	1. Based solely on the information provided, ASX Limited ('ASX') grants Identifai Genetics Limited (the 'Entity') a waiver from Listing Rule 9.1(b) to the extent necessary to permit the Entity to apply the restrictions in paragraphs 1 and 2 of Appendix 9B (as applicable) to those existing seed capitalists of Identifai Israel Ltd ('Identifai Israel') as follows: 1.1 The securities issued to those persons holding securities in Identifai Israel who subscribed with cash for their shares, options and warrants ('Consideration Securities') are treated as being held by a related party, unrelated party or promoter seed capitalists (as appropriate) of the Entity; 1.2 Cash formula relief is applicable to the Consideration Securities that are issued to those persons who subscribed with cash for the securities in Identifai Israel, provided ASX is satisfied with the evidence submitted to substantiate the cash amounts paid to Identifai Israel; 1.3 For the purposes of determining the length of the escrow period for the Consideration Securities issued to unrelated seed capitalists which are subject to 12 month escrow, the 12 month escrow period will begin on the date on which the cash subscription for their seed securities in Identifai Israel was made. 1.4 For the purposes of determining the length of the escrow period for the Consideration Securities issued to seed capitalists who are related parties or promoters of the Entity, which are subject to 24 months escrow, the 24 month escrow period will be deemed to begin on the date of the commencement of trading in the Entity's securities on ASX. 2. This waiver is to be granted on the condition that the Entity discloses the nature and effect of the waiver

	and the Entity's reasons for seeking the waiver as pre-quotation disclosure.
Basis For Decision	Underlying Policy Securities issued in certain circumstances, including certain securities issued for non-cash consideration to related or unrelated parties prior to an initial public offering or a re-compliance listing, are classified as restricted securities and are to be held in escrow for a certain period. ASX may also deem securities issued in other circumstances to be restricted securities. Under listing rule 9.1(b) an entity that issues securities classified as restricted securities must apply the restrictions required by Appendix 9B of the listing rules. Under listing rule 9.1(b) the entity and the person who holds the restricted securities (and, where appropriate, the persons who control the holder) must enter into a restriction agreement in the form of Appendix 9A of the listing rules. The restriction agreement forbids the holder (and the controllers, where appropriate) from transferring or creating any other interests in restricted securities during the escrow period. Restricted securities must either be in certificated form and held in escrow by a bank or recognised trustee, or held in uncertificated form on the issuer sponsored sub-register subject to a holding lock administered by the entity's securities registry. These arrangements prevent the holder (and where appropriate, the controllers of the holder) from being able to realise any financial benefit from their

	restricted securities during the escrow period. This ensures that promoters, vendors and other similar parties do not receive any financial benefit until there has been a sufficient period of time for the value of the assets sold or services provided to the listed entity to be reflected in the market price of the listed entity's securities. Present Application In connection with its admission to the Official List the Entity has issued Consideration Securities in consideration for the exchange of all issued securities held in relation to Identifai Israel. Identifai Israel has not returned capital, distributed assets, paid any dividends or made any other distributions to its shareholders. The securities of the Entity issued to the seed capitalists of Identifai Israel ('Seed Capitalists') are subject to escrow restrictions in chapter 9 and Appendix 9B of the Listing Rules. The Seed Capitalists who receive securities in the Entity as consideration for the exchange of their securities in Identifai Israel are technically vendors of a classified asset for the purposes of their classification under Appendix 9B. ASX will apply escrow restrictions on a 'look-through' basis where there is a scrip-for-scrip acquisition of an unlisted entity that holds classified assets by a listed or to-be listed entity, and the unlisted entity that is acquired by the to-be listed entity does not return capital, distribute any assets or make any unusual distributions to its shareholders before the acquisition becomes effective. A waiver is granted under Listing Rule 9.1(b) to permit the Seed Capitalists to be treated as seed capitalists of the Entity and escrow restrictions to be applied on a 'look-through' basis.

ASX Code	AF9
Listed Company	ANGLE ASSET FINANCE - RADIAN TRUST 2026-1
Waiver Number	WRR-0000548
Decision	1. Based solely on the information provided, ASX Limited ('ASX') grants Angle Asset Finance - Radian Trust 2026-1 ('Entity') a waiver from Listing Rule 1.8 condition 8(b) to the extent necessary to permit the Entity to be a special purpose trust constituted solely for the purpose of conducting a securitisation transaction in relation to wholesale debt securities, one or more classes of which will be quoted on ASX. 2. This waiver is granted on the condition that the Entity discloses the nature and effect of the waiver and the Entity's reasons for seeking the waiver as pre-quotation disclosure.
Basis For Decision	Underlying Policy Listing Rule 1.8 condition 8(b) requires that an entity seeking admission as an ASX Debt Listing that is a trust must be a special purpose trust constituted solely for the purpose of issuing the class or classes of debt securities to be quoted on ASX. This is an investor protection mechanism which reduces the number of potential claimants on the assets of the trust, primarily preserving them for the benefit of holders of the quoted debt securities. Present Application The Entity is a special purpose trust constituted for the purpose of conducting a securitisation transaction under which the Entity acquired the securitised assets using funds raised by the Entity by issuing multiple classes of debt securities. The business of the trust is limited by

The securities being quoted are wholesale debt securities and their terms of issue and ranking relative to other classes of securities (including classes not being quoted) were disclosed in an Information Memorandum. The debt securities have been assigned high 'investment grade' ratings by independent credit rating agencies, which means that the debt securities are considered by those agencies to be subject to very low credit risk. ASX considers that there are sufficient safeguards in place for the holders of the wholesale debt securities.

Decision	1. Based solely on the information provided, ASX Limited ('ASX') grants Angle Asset Finance - Radian Trust 2026-1 ('Entity') a waiver from Listing Rule 1.8 condition 11 on condition that ASX is satisfied with the settlement arrangements that exist in relation to the debt securities to be quoted on ASX. 2.
