

## **SCHEDULE 2      EXCLUDED CLASSES OF FINANCIAL PRODUCTS**

The following classes of financial products are Excluded Classes of Financial Products for the purposes of the ASX Settlement Operating Rules:

- (a) any class of financial products issued by an Issuer whose place of incorporation has laws that:
  - (i) prevent financial products being held in uncertificated form;
  - (ii) do not recognise electronic transfer of legal title;
  - (iii) require the Issuer to provide a holder with a certificate of title to financial products on demand; or
  - (iv) permit an Issuer to refuse to register a proper ASTC transfer.
- (b) any class of debt financial products issued by a State, Territory or Commonwealth Government; or
- (c) any class of debt financial products issued by a government instrumentality.
